Sir:

I, Foo Kok Wah, having my office at Trek Technology (Singapore) Pte Ltd, 30
Loyang Way #07-13/14/15, Loyang Industrial Estate, Singapore 508769 (hereinafter "Trek"),
hereby state the following:

1. I am the Chief Operating Officer of Trek and have full authority to act for and
on behalf of Trek.

2. A first assignment document executed by Cheng Chong Seng ("Cheng
Assignment") in connection with the above-captioned United States Patent Application has
been recorded by the United States Patent and Trademark Office. A copy of the Cheng
Assignment is available at the USPTO on microfilm at Reel #012097, Frame #0593. A
second assignment document executed by Poo Teng Pin ("Poo Assignment") is filed
concurrently herewith. Taken together, the Cheng and Poo Assignments vest the entire right,
title and interest in the above-captioned United States Patent Application in Trek.

3. At the time of the invention of the subject matter of the present application, Cheng Chong Seng was an employee of Trek and Poo Teng Pin was an employee of S-Com System (Singapore) Pte Ltd ("S-Com"), a sister company of Trek. An agreement between Trek and S-Com provided that the parent PCT application (PCT/SG00/00029) of the present application was to be filed by Trek as the applicant and proprietor, in accordance with the company policies of Trek and S-Com. A subsequent assignment agreement between S-Com and Trek assigned, from S-Com to Trek, any residual beneficial ownership that S-Com may have had in the claimed invention by virtue of being the employer of Poo Teng Pin at the time of the invention. These agreements are consistent with the Cheng and Poo Assignments, vesting in Trek the entire right, title and interest in the claimed invention.

3. I have read the Statement of Poo Teng Pin, filed concurrently herewith, which establishes that Poo Teng Pin is a co-inventor of subject matter claimed in the above-captioned United States Patent Application. Accordingly, I hereby give consent for and on behalf of Trek to the requested inventorship correction to the above-captioned United States Patent Application, which adds Poo Teng Pin as a co-inventor of Cheng Chong Seng, as set forth in the concurrently filed Request to Correct Inventorship.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the present application or any patent issued thereon.

Respectfully submitted,

Dated: 18th May, 2004

Foo Kok Wah
